

# P. S. GARCIA

## MARINA 2016

This Sauvignon Blanc comes from the coolest area in Casablanca valley, we make a special selection of two different clones from Santa Rosa vineyards.

Fruit from clone 107, is largely responsible for the mouth filling, freshness and minerality, while clone 242 delivers the intense aromatic and tropical fruit character of Casablanca.

Marina is the wine we like to drink at home with our family and friends, an exquisite blend with lively acidity, intense aromas and a nice weight in the mouth, a wine that is great complement of good food and nice moments.

## VARIETAL COMPOSITION

50% Sauvignon Blanc / Clone 107, Valle de Casablanca

50% Sauvignon Blanc / Clone 242, Valle de Casablanca
