

P. S. GARCIA

SOFÍA 2017

This is a special selection of different clones from the coolest sectors of the Casablanca Valley. The vineyard is planted in soft hills in the coastal range of mountains. The red granitic soils and the fresh weather make of this area a great spot for the production of the delicate Pinot Noir grapes.

We wanted this blend to reflect the style of wines that we like to drink at home with our friends and good food. Whether from Chile or elsewhere in the world, Pinot Noir is a unique variety that is difficult to interpret, but when you get it right, you get absolutely wonderful wines. Sofía has intensity, freshness, and elegance, the perfect blend for an enjoyable wine.

VARIETAL COMPOSITION

40% Pinot Noir / Clone M.Selection "Valdivieso" Itata
30% Pinot Noir / Clone 777
30% Pinot Noir / Clone M.Selection "Concha y Toro"
